LITTELL'S LIVING AGE, E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit, and freshness to it by many things which were excluded by a month's delay, but while thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. We do not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves, but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col. octavo. Price 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will [illegible] President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehension includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, billiousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint; Dyspepsia

T. HARDENBERGH, M. D.,
No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a greater portion of which time he made use of no remedies, but suffered the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; he very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,
N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,
No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

From the Boston Chronotype.

Consumption is the great curse of our northern altitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the serious and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" He merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting, in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public: The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian Vegetable Pills is well understood, Innocent and efficacious, free from minerals of every description, and adapted to the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so that all who prefer them in their original state, may still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

☞ In the beautiful language of Bryant,

"The melancholy days have come, the saddest of the year."

Brown October is at last upon us; with its clear, bracing breezes warning us of the decay of summer, and the rapid approach of Winter, with all its sternness and severity. Yet, to us, there is something peculiarly delightful in Autumn, which is far more pleasant than any other season of the year. We like the sombre hue which everything wears, because it causes us to reflect upon the vanity of all human things, and to dwell seriously upon the moment when we, too, like the leaves around us, must wither and fade. It teaches us that the joyousness of the heart is but like a transient sunbeam, and although it may illumine the pathway of life for a brief period, yet its duration is short, and a sadder day must come. In Autumn, many who have lingered through the sunshine and storms of years, fearfully battling with disease, drop away and are laid in the cold tomb, while nothing remains of them on earth but the memory of their virtues, which will long be kept green in the hearts of those who have loved them in life. At this season of the year, many a new mound is thrown up in the Cemetery, and many a fresh marble slab marks the last resting place of the loved and the lost.

Coming, as this season does, close upon the departure of the gaities and fashions and mournful contrast. It impresses upon us more strongly the vanity of all human pursuits, and speaks in trumpet tones to the heart to arouse it from its career of sin and folly, and prepare it to join the dead. The decree of Omnipotence, and the doom which awaits man are inevitable; we may strive to forget them during the gayety of summer, but in the Autumn, when the strife and excitement have subsided, and when those whom we love are taken from us, we cannot, oh we cannot smother the murmurings of conscience, and we cannot altogether resist the call,--be ye also ready. How much better is it, then, to live soberly and rationally during our few brief years, thus acknowledging our accountability, and heeding the constant warnings, which surround us on every side. We contend with destiny, and we are absorbed in all that embitters life and adds to the dregs of existence, until death rudely tears away the objects of our affection, and leaves us desolate and alone. In the hour of our poignant sorrow and terrible misfortune, how fearful our past errors come up in ghostly review before us! Then we have opportunities to reflect on the past, and to think of the injuries which we have done those who have befriended us, and who were never unkind to us. Memory is not treacherous at such times, and well will it be for us, if we do not neglect to make such reparation as may be in our power, and to repent of our many sins. It may be humiliating, but it is better to improve even the last moment, while the heart is wounded by sorrow, than to procrastinate an imperative duty, until the conscience is finally seared, and the heart hardened beyond the hope of redemption.

☞ The streets of Newport have a particularly *lively and attractive* appearance just at this time. If it was not made a common washing place for the whole country, during the summer, we should not be in our present condition. However, some of our *enterprising* citizens do not desire to see any change in our business prospects,—hence their opposition to a Railroad to Fall River. What miserably mistaken policy.

### CONGRESS.

WASHINGTON, Sept. 28.

SENATE.—On motion the navy bill was [illegible].

The contracts for the Atlantic and Pacific mail steamers called forth much debate, but the clause remains the same as before.

The proposition relative to dry docks in California was then taken up, and after considerable debate the Senate refused to strike out the provision for dry docks in the Pacific, by yeas 21, nays 27.

Various amendments were discussed.—One of [illegible] was Mr. Pierces', and was intended to prevent the use of these docks for merchant vessels. Now pending.

HOUSE.—The bounty land bill was taken up and passed.

All the Senate's amendments, with the exception of those providing for officers and men of the navy, were agreed to.

The Senate's amendments to the Indian appropriation bill were then taken up and most of them agreed to. Good temper prevails.

---

WASHINGTON, Sept. 28.

The Committee of Conference of the two Houses, have agreed upon the extension of the Capitol. A plan is to be selected, and the work done under the direction of the President.

The Foote and Fremont difficulty has been amicably settled. The latter addressed a note to the former, demanding a retraction of the language used by him in debate, to be signed in the presence of witnesses, and a challenge note was left if he refused. Foote declined to sign the papers, but addressed a note in reply to Fremont, disclaiming any intention of personal offence in the language used by him in debate. The friends of both parties considered this satisfactory to Fremont, but at his instance the note of Foote was submitted to Benton who consented to the arrangement. The following card is the result.

A CARD.

WASHINGTON, Sept. 28.

The undersigned are authorized to state that the difficulty between the Hon. H. S. Foote and J. C. Fremont, growing out of certain expressions used by the former in regard to the California bill, in the Senate, last evening, has been adjusted satisfactorily to both of those gentlemen.

(Signed) A. S. DODGE,<br>WM. GWINN,<br>WM. W. SIBLEY,<br>R. M. PRICE."

The objectionable remarks of Mr. Foote were, substantially, that the bill for the settlement of land titles would be an outrage upon the public.

Mr. Ritchie is to be indemnified and the printing contract is broken up.

Both the Senate and House were engag[illegible] this morning [illegible] o'clock, without having concluded. The report of the proceedings is lengthy, and so full of disorderly and confused matter, that we merely send the result. The Senate abolished flogging in the Navy. They insisted on their amendments to the Indian Bill and Bounty Land Bill, and a Committee of Conference was appointed; also, on the Army bill.

The President and all the members of the Cabinet, have been in the Senate antichamber since 8 o'clock last evening.

The House passed the Senate bill establishing additional collection districts in California. On motion of Mr. Johnson, of Arkansas, all bills, resolutions and other matters, were referred to the standing committees, and those on which no reports have been made are to be returned to the Clerk, and stand re-committed at the commencement of the next session.—The Light House bill was passed. All amendments to the Civil and Diplomatic Appropriation bill were agreed to by both Houses, except three. A further Conference was asked and granted.

The Committee of Conference again reported that the Senate had receded from their amendment adding captains, marines and sailors, who fought in former wars, in the grants made in the Bounty Land Bill—to all soldiers who have fought and who have not been heretofore provided for by law. So the bill passed.

The Speaker signed several bills, among others, the Navy Appropriation, Bounty Land and Fortification Bills. The later it got, the more the confusion increased, and the Speaker found it impossible to preserve order.

---

☞ Mr. Willis has found out one imperfection in Jenny Lind—viz: she cannot mount on horseback without a chair!

---

'What, Mr. Speaker, what shall I say to my constituents?' exclaimed a wrathful member of Congress, on the passage of a bill to which he was utterly opposed. 'What shall I say?' he repeated, but found it impossible to get beyond the interrogatory. 'Tell them,' replied the waggish Speaker, 'that you tried to make a speech but couldn't!'

---

A Dutchman thus describes the New Yorkers: "Fine people," says he, "dey go about der streets all to tay, sheeting (cheating) each oder, and dey calls dat bizness."

---

☞ It seems that the good people of Providence had a desire to hear Jenny Lind sing, and they wrote to Barnum to know his terms. He modestly replied that Jenny would give one Concert in that city for the very moderate sum of $10,000 the interest of which, judiciously expended, would comfortably support a moderate sized family. This reply probably cooled the ardor of our enthusiastic friends in Providence. We do not like to have Newport behind the age in enterprise, and we therefore make Barnum a liberal offer. If he will bring Jenny to Newport, and give three months notice of the time, we will guarantee him an audience of seventy-five, provided the tickets are not over 12 1-2 cents each; and we will further guarantee him eighteen and three quarter cents for the first choice of a seat. What do you say to that, Barnum!

REMINISCENCE OF FULTON'S FIRST STEAM VOYAGE, AND THE RECEPTION OF HIS FIRST PASSAGE MONEY.—Twenty years since, more or less—for I cannot fix the date more certainly—I formed a travelling acquaintance, upon a steamboat on the Hudson river, with a gentleman who, on that occasion, related to me some incidents of the first voyage of Fulton, to Albany, in his steamboat, the Clermont, which I have never met with elsewhere. The gentleman's name I have lost; but I urged him, at the time, to publish what he related; which, however, so far as I know, he has never done; I have several times repeated the facts as they were told to me, and have been often requested to secure them from oblivion by giving them to the press.

I chanced, said my narrator, to be at Albany on business, when Fulton arrived there, in his unheard of craft, which every body felt so much interest in seeing. Being ready to leave, and hearing that his craft was to return to New York, I repaired on board and inquired for Mr. Fulton. I was referred to the cabin, and I there found a plain, gentlemanly man, wholly alone, and engaged in writing.

Mr. Fulton, I presume.

Yes, sir.

Do you return to New York with this boat?

We shall try to get back, sir.

Can I have a passage down?

You can take your chance with us, sir.

Inquired the amount to be paid, and after a moment's hesitation a sum, I think six dollars, was named. The amount in coin, I laid in his open hand, and with his eye fixed upon it he remained so long motionless that I supposed there might be a miscount, and said to him, is that right, sir? This roused him as from a kind of revery, and as he looked up at me the big tear was brimming in his eye and his voice faltered as he said, excuse me sir? but memory was busy as I contemplated this, the first pecuniary reward I have ever received for all my exertions in adopting steam to navigation. I would gladly commemorate the occasion over a bottle of wine with you, but really I am too poor, even for that, just now; yet I trust we may meet again when this will not be so.

The voyage to New York was successful, as all know, and terminated without accident.

Some four years after this, when the Clermont had been greatly improved, and her name changed to the North River and when two other boats, namely, the Car of Neptune and the Paragon had been built, making Mr. Fulton's fleet three boats regularly plying between New York and Albany, I took passage upon one of these for the latter city. The cabin, in that day was below; and as I walked its length to and fro, I saw I was very closely observed by one I supposed a stranger. Soon, however, I recalled the features of Mr. Fulton; but, without disclosing this, I continued my walk and awaited the result. At length, in passing his seat, our eyes met, when he sprang to his feet, and eagerly seizing my hand, exclaimed, I knew it must be you, for your features have never escaped me; and although I am still far from rich, yet I may venture that bottle, now. It was ordered; and during its discussion Mr. Fulton ran rapidly but vividly over his experience of the world's coldness, and sneers, and of the hopes, fears, disappointments, and difficulties that were scattered through his whole career of discovery, up to the very point of his final, crowning triumph, at which he so fully felt he had at last arrived.

And in reviewing all these, said he, I have again and again recalled the occasion and the incident of our first interview, at Albany; and never have I done so without its renewing in my mind, the vivid emotion it originally caused. That seemed, and still does seem, to me, the turning point in my destiny—the dividing line between light and darkness, in my career upon earth, for it was my first actual recognization of my usefullness to my fellow men.

Such, then were the events coupled with the very dawn of steam navigation—a dawn so recent as to be still recollected by many—and such as Fultons there related them, were the early appreciations by the world, of a discovery which has invaded all water, causing a revolution in navigation which has almost literally brought the very ends of the earth in contact.—*Buffalo Commercial Adv.*

PROFESSOR A. C. BARRY'S
TRICOPHEROUS OR MEDICATED COMPOUND,

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c., &c. With this preparation, "there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close—All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous, and the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin, and of the substratum of muscles and integuments, the process and the effect are the same.—It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price 25 cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr30 6m

To the Hon. Court of Probate, of the Town of Newport to be holden at Newport on Monday, September 9th 1850.

The Subscriber administrator of the estate of SILAS WARD, late of Newport dec'd, would respectfully represent, that the amount realized from the sales of the Inventory and other sources of said deceased's estate, amounts to the sum of twenty eight hundred and eighty eight dollars, fourteen cents; and that the claims against said estate, allowed by the Commissioners, as appears by the record of this Hon. Court amounts to the sum of fifty three hundred and twenty dollars and thirteen cents including sixteen hundred dollars, secured by Mortgage on the part of the said deceased, real estate, known as the "Soap House," which leaves a balance to be provided for [exclusive of interest since his decease,] of twenty-four hundred and thirty-one dollars and ninety-nine cents. Wherefore he prays this Hon. Court, that he may be authorized to sell so much of the Real Estate, [or the whole if necessary,] of said Silas Ward in this town, as shall be sufficient to cancel said claims, with the incidental expenses.
BENJAMIN MUMFORD.

THE MAGNETIC BUFF.

MR. J. A. Williams would inform his friends and the public that he has an improvement upon the common magnetic hand buff, his being in the form of a wheel and geared in such a manner that its velosity will produce a greater quantity of Electro Magnetic Fluid than can possibly be produced by the hand buff. In this manner the plate is highly polished and at the same time so well charged with the Magnetic Fluid as to produce Daguerreotypes of a superior quality almost instantly.

A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whinchenson, Worrester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord. I will also sell all my fixtures, marble tables, carpets, soda works, moulds, pyramids, baking utensils and everything to carry on the business with all the "secrets of the order" or trade. Any one wishing to buy that don't understand the business can work with me through the Season and become initiated in the business, so as to carry it on. TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with; and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will henceforth be known by the name of the NEW ENGLAND TEA COMPANY.

☞ Remember that the only Stores of the Old Original Tea Company are at 54 Westminster Street, Providence, and 180 Washington Street, Boston, and are distinguished by the name of the

### SCROFULA

*If thousands of cures of Scrofula, Cancers, Syphilis, and other impure diseases of the Blood—and if the VERY SMALL QUANTITY which was used of a Medicine to effect cures of such diseases, be any proof of the purifying medical power in the Medicine which has achieved such cures, then there is overwhelming evidence that—*

### BRANT'S INDIAN PURIFYING EXTRACT

*Is such a Medicine, in every respect;* and there is abundant proof, in *great cures* effected, that ONE BOTTLE of it contains *more purifying,* healing virtue, and *medical power,* than there is contained in FOUR BOTTLES of any *Sarsaparilla,* or any other medicine that has ever been offered for sale. There is undoubted proof in our Pamphlets, that by the use of this *great Indian Purifier,* they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED

**Hundreds—Thousands—!**

who have used *BRANT'S PURIFIER,* after having used and tested ALL the *Sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

**Brant's is the Cheapest;**

because *one bottle* of it has *more* medical, curative matter in it, and, in consequence, cures *more disease,* in much *less time,* than *one bottle* of any other medicine.

If, then, *one bottle* of BRANT'S PURIFIER will cure *FOUR TIMES* more disease than *one bottle* of *Sarsaparilla*—"BRANT'S PURIFIER" would be *as cheap at four dollars* a bottle, as sarsaparilla at *one dollar.* But BRANT'S PURIFIER is sold *for only ONE DOLLAR* a bottle; and as a bottle of it *has* cured, and is *capable* of curing, *FOUR TIMES* as much disease as *one bottle* of *Sarsaparilla,* therefore, Sarsaparilla, in consequence of its *less* power and *less* medical efficacy, should be sold at no more than *twenty-five cents* per bottle, to be as *cheap* as the PURIFIER at *one dollar.*

**One Dollar's Worth!**

How much CANCER—how much SYPHILIS—how much SCROFULA—will *one dollar's worth* of *BRANT'S PURIFIER* cure? Read the following statement, which is a specimen of its power:—

**CANCEROUS SCROFULA!**

This is the case of a *dying man* who *yet lives.* He was cured of a worse case of SCROFULA, by only *twelve bottles* of Brant's Purifier, than ever was cured by the use of *twelve* GALLONS of the best *Sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *terrifically horrible* case.

Mr. J. B. HASKIN, of *Rome, Oneida Co., N. Y.,* had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the *best medical advice*—had used ALL of the *best Sarsaparillas* to no good effect—got *worse and worse,* and was considered to be in a *dying state,* and could not live *twenty-four hours longer,* when he commenced using BRANT'S PURIFIER. His *neck* was *eaten nearly off, from ear to ear;* a *hole* was *eaten through* his *windpipe,* under his chin, so that he breathed through the hole; *his ear* was so eaten around that it could be *lifted up* out of its place, it only holding by a *small piece;* the use of *one arm* was destroyed by two ulcers; an ulcer under the arm, as large as a *man's hand,* had nearly *eaten through his side into his body.* Thus he was afflicted with *twenty* such *putrid, acrid, offensive ulcers,* on various parts of his person. For further and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skillful physicians of Rome, was called to see Haskin the *day before* he commenced using Brant's Purifier. Dr. W. examined him, and then told him that *all the medicines in the world would not cure him*—that his case was

**Worse than Hopeless!**

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of *BRANT'S PURIFYING EXTRACT,* of *Bissell & Leonard,* druggists of Rome. I commenced using that, and *began to get better.* That bottle enabled me *to get off my bed,* where I had been confined *one year;* the *second bottle* enabled me to *get out of the house;* the *third bottle* enabled me *to walk two miles,* to Rome Centre, where I procured *six bottles more;* and when I had finished using them, *seventeen* out of *twenty ulcers* had *healed up*—and *three bottles* more effected a PERFECT CURE of all the ulcers, and restored me to *good health.*"

**FOURTEEN WITNESSES!**

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. S. R. BROWN, proprietor of the *West Rome Hotel*—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other *respectable witnesses.*

**CANCERS CURED.**

Mr. O. B. KINNEY, merchant, *Clinton, Oneida county, N. Y.* informed us that a cancer-doctor in said county was [illegible] wonderful cures of CANCERS through the efficacy of BRANT'S PURIFYING EXTRACT. A [illegible] county, N. Y., is also using said Purifier. Mr. [illegible] SETTLE, druggist, at *Canajoharie, Montgomery county, N. Y.,* has informed us of an important *cure* of a *Cancer of long standing,* which was effected on an aged lady in that place. If, therefore, this PURIFIER *cures Cancer,* its certifying, healing power, what impure disease of the blood can it not cure? *Seven years'* experience and trial says there are none but what it will cure.

**FEVER-SORE CURED.**

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, *Adams Basin,* Monroe county, New York, [illegible] DUNNING, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had to have one of his legs *cut off,* to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE. Read the result. He says: "*I have used only three* BOTTLES of BRANT'S MEDICINE. *I placed* ALL HOPE, *from your recommendation, in that Medicine,* and I can now say that, with the blessing of God, *it has effected a cure of my leg.*"—See Pamphlets for full particulars.

**LIVER-COMPLAINT!**

Dr. NATHAN HUBBARD, of *Stamford, Conn.,* one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured* by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

**FEMALE WEAKNESSES & COMPLAINTS,**

No remedy offered to the public has ever been *half as certain* and *effectual* in *restoring* ALL the incidental *weaknesses* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess,* or other *weakness*—it REGULATES ALL, by *strengthening the* SYSTEM, *equalizing the* CIRCULATION, *and soothing and allaying* NERVOUS IRRITABILITY. See pamphlets.

**CHANGE OF LIFE,**

[illegible] on the *girl* to the *woman,* and the *woman at middle age*—one case is *accelerated,* and the other so *gradually supervened,* as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

**Dyspepsia—Sour Stomach!**

"ATTICA, *Genesee Co., February 1, 1848.*

"M. T. WALLACE & CO.—*Gentlemen:* I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance, without causing great pain, sickness, and vomiting, and was continually afflicted with a sour stomach. I, as an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *cured and relieved the usual pain after eating.* I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

**NURSING SORE MOUTH, LEUCORRHŒA, &c.**

"BYRON, GENESEE Co., N. Y., *Oct. 19, 1847.*

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of *Leucorrhea* and *Nursing Sore Mouth,* that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until *our skill* was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than eighty-five pounds; but by the time she had taken *four bottles,* she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "*our skill.*" He, we are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

**MERCURIAL DISEASES.**

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of* MERCURY, or any of the various preparations of CALOMEL or MERCURY, *from the system;* and it restores the *blood, muscles,* and *all the parts diseased,* to their original, HEALTHY STATE.

**GENERAL DEBILITY OF THE SYSTEM!**

*Mr. A. HOLTSLANDER,* merchant, *Oberlin, Lorain Co., Ohio,* wrote, December 13, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have personally used *BRANT'S PURIFYING EXTRACT, for general debility of my system,* and I have no hesitation in saying that it is the best medicine to RESTORE *and* INVIGORATE THE SYSTEM that I have ever used. *In every instance where we have sold* BRANT'S MEDICINES, *they have proved their efficacy, and given the* BEST SATISFACTION."

**SALT RHEUM,**

and all impure *chronic diseases of the blood,* are always cured by *BRANT'S EXTRACT.*

### DR. CHRISTIE'S GALVANIC BELT, BRACELET NECKLACE AND MAGNETIC FLUID,

For the Removal and Permanent Cure of all
**NERVOUS DISEASES,**

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the
**NERVOUS SYSTEM.**

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the age.*

**Dr. CHRISTIE'S GALVANIC BELT**
and
**MAGNETIC FLUID,**

Is used with the most perfect and certain success in all cases of
**GENERAL DEBILITY,**

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

**A Derangement of the Nervous System.**

In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease,* for they weaken the vital energies of the already prostrated system; while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

**Dr. Christie's Galvanic Curatives,**

consists in the fact that they arrest and cure disease by *outward application,* in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

*They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances.* Since their introduction in the United States, only three years since, more than

**60,000 Persons**

Including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

**ENTIRELY AND PERMANENTLY CURED,**

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary relief,* but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

**CERTIFICATES AND TESTIMONIALS**
Of the most Undoubted Character,

From all parts of the Country could be given, sufficient to fill every column in this paper!

**AN EXTRAORDINARY CASE,**
which conclusively proves that
**"Truth is stranger than Fiction."**

The following letter detailing one of the most remarkable events in the annals of Medical Science, is from the

**Rev. Dr. Landis, a Clergyman**

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

Dr. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. [illegible] of frequent exposure [illegible] Chronic Rheumatism, which [illegible] year after year, [illegible] the skill of my physicians [illegible] afforded me great relief, but this relief was only temporary. Farther: in the winter of 1845 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated,* and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection [illegible] sufferings were indeed severe, and I had [illegible] after been entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopoeia there seemed to be no remedial agent which could reach and recuperate the Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1846. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I EVER OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION HAS ENTIRELY LEFT ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has never returned; the Bronchitis once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured.* Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

### BRANT'S INDIAN PULMONARY BALSAM

*cures very many of the most strongly marked and developed cases of* PULMONARY CONSUMPTION—*real, undoubted cases of ulcerated or diseased* LUNGS—such HOPELESS cases as were never before cured by any other medicine. So many hopeless were some of the afflicted persons, as to have been pronounced by *physicians* and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and hearty as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

**BRANT'S INDIAN PURIFYING EXTRACT.**

The Balsam differs from the Extract, because it possesses *several medications which are peculiarly adapted to, and are essentially necessary for, the cure of*

**COUGHS AND CONSUMPTIONS,**

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

**Breast, Throat, Lungs, and Heart.**

This BALSAM HEALS ULCERS in the *LUNGS,* and elsewhere *internally,* as *certainly and easily* as the PURIFYING EXTRACT *cures* and *heals* ulcers *externally.* This Balsam cures NINE *cases* of *Cough* and *Consumption* out of TEN, after all other remedies have *failed to do good.*

**Thousands of Consumptions**

and *Chronic Coughs* abundantly prove its *unfailing efficacy* in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: *Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Cholera Infantum, Dysentery and Summer Complaints in Children and Adults,* and ALL FEMALE WEAKNESSES.

**CONSUMPTION.**

**A DYING WOMAN CURED!**

We state this cure, *to prove the* POWER TO SAVE LIFE when this BALSAM is used, even after the person is *considered by physicians and friends to be in the last stages of disease*—actually DYING—and, in this case, SO FAR GONE, *that the* SHROUD *and* BURIAL-CLOTHES *were bought!* For the *particulars* of this case, and the *respectable and undoubted proof* of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of *Ballston Spa, Saratoga County, N. Y.* We can prove, beyond a doubt, *many others, almost equally hopeless,* and *innumerable cases of Cough and Consumption CURED,* which were *pronounced incurable* by SKILLFUL PHYSICIANS.

**A DOCTOR CURED!**

DR. J. W. FRENCH, *of Hillsdale, Hillsdale county, Michigan,* about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a *Chronic Disease of the Lungs,* as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in *my chest, side, and breast.* I tried the remedies recommended by the most skillful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. *My cough was immediately relieved,* and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now, consider and *pronounce myself a* WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

**FITS, FITS, FITS.**

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at *Hillgrove, Sullivan county, Pennsylvania,* wrote to us, May 12, 1848, stating, among other benefits which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS *for several years,* was cured by the use of BRANT'S BALSAM.

**Would soon be in a Grave.**

Mr. WILLIAM D. JENNINGS, a merchant at *Pierpont Centre, Ashtabula county, Ohio,* wrote thus, October 2, 1848, [illegible] stated a *cure of* CONSUMPTION which the use of BRANT'S *INDIAN PULMONARY BALSAM* had effected in Mr. WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for that *fatal hand of that unrelenting monster, Consumption,* had taken fast hold on his vitals, and was *so destroying and debilitating* his body, that he was a *mere skeleton.* He was *given up* by his physicians and all friends, as one who would soon *inhabit a grave.* But even in this last extremity, strange and marvelous as it may seem, yet it is true, that the use of *only five bottles* of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a *healthy, hearty, rugged man.*

S. D. DANN, Esq., *merchant and postmaster at Jefferson,* an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and *testified to his* CURE, *and all the above-named facts.*

**Could not Live a Day longer!**

Messrs. E. B. CALDWELL & CO., of *East Oswego, Oswego Co., N. Y.,* respectable druggists, wrote to us: "We have just heard, through Mr. Whitman, a respectable citizen of this place, of an important cure of *Consumption* which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it *impossible for her to live more than* ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking *BRANT'S PULMONARY BALSAM,* and its medical efficacy has raised her from a DYING BED, so that she is now *going about and attending to her domestic household affairs and duties.* She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness, and her friends and neighbors consider that medicine invaluable."

**RAISED FROM THE GRAVE.**

Messrs. PRATT & FOSTER, *merchants of West Cornwall, Conn.,* said *BRANT'S BALSAM* had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough medicine could be sold there; that it *had raised some as if from the* GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it *was useless to take any more medicine.* He then, *when no hope was left,* began to take BRANT'S BALSAM—consequently, *is now as well as ever he was!*

**Many Consumptions Cured.**

Mr. S. D. CLARK, *merchant, Clyde, Wayne county, N. Y.,* wrote [illegible] informs us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the [illegible] of some of our most respectable people, and personal [illegible] this knowledge can be relied on, its medical virtues have cured *many consumptive persons,* several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH!"

**LUNGS BLED—MUST DIE!**

Mr. Z. S. TERRY, *merchant, Byron, Genesee county, N. Y.,* wrote, August 21, 1848: "BRANT'S MEDICINE is doing wonders here. It has cured a man of *Consumption* that all the physicians had said *must die.* When he commenced taking Brant's Medicine, he could not raise his hand to his head; he *bled at the lungs,* and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used *only five bottles.* It has also cured a young lady of *Consumption* in Orleans county, which her father *says no doctor could cure.*"

Mr. MILLER, a merchant of the *same* place, has certified to the truth of the above statement.

**Was believed past Cure!**

Mr. CORNELIUS H. SMITH, merchant, *Collins Centre, Erie Co. N. Y.,* January 16, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and *give better satisfaction,* than all the other medicines we have for sale. The *Pulmonary Balsam* has raised a lady here from a bed of [illegible] doctors and severe sickness, which all the doctors had given up as INCURABLE. They said she MUST DIE *with a Consumption of the Lungs.* After all had pronounced the case HOPELESS, she commenced taking *BRANT'S BALSAM—and now she is well.*"

**CHRONIC DYSENTERY,**

and SUMMER COMPLAINTS, *in children or grown persons,* cured *without any failure whatever.* Also—

**CHOLERA INFANTUM**

No mother need ever mourn the death of her child by that child-destroying complaint, when *teething* in warm weather—*Cholera Infantum,* or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in *twice as large potions* as the directions on each bottle prescribe, until the complaint is checked.

**DOCTORS CALL IT WONDERFUL.**

DOCT. IRA JOHNSON, *of Lexington, Greene Co., N. Y.,* wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most *wonderful cures* of CONSUMPTION produced by its use, in Montecello, Sullivan Co., New York about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency.

Yours, respectfully, IRA JOHNSON.

**DOCTORS COULD NOT CURE.**

Mr. CORNELIUS H. SMITH, *merchant, Collins Centre, Erie Co., N. Y.,* January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold; and I want immediately another supply, for they *sell more rapidly,* and give better satisfaction, than all the other medicines we have for sale.

### LIVER COMPLAINT, JAUNDICE, DYSPEPSIA, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS,

And all diseases arising from a disordered Liver or Stomach, such as Constipation, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or weight in the Stomach, Sour Eructations, Sinking or Fluttering at the pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating sensations when in a lying posture, Dimness of Vision, Dots or webs before the Sight, Fever and dull pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil, and great depression of Spirits can be effectually cured by

**DR. HOOFLAND'S**
CELEBRATED GERMAN BITTERS,
Prepared by
*DR. C. M. JACKSON,*
AT THE GERMAN MEDICINE STORE,
*120 Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

**READ AND BE CONVINCED.**

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE.

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice, is the *German Bitters,* invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored entirely to health."

**READ FURTHER A FEW FACTS**

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

"*Patent Medicines.*"

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of these medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving.

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine; and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcohol or Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,—

"*Dr. Hoofland's German Bitters.*—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug,* and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

**MORE EVIDENCE.**

The "Philadelphia Saturday Gazette," the best family newspaper, published in the United States. The editor says of

"DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female or infant* with safety and reliable benefit, at any time.

**BEWARE OF COUNTERFEITS.**

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

*Look well to the marks of the genuine.*

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

LIGHT! LIGHT!!

The Handsomest, Cheapest, and Best Article for Light, is

**MARSH'S PATENT OIL.**

THIS is a new invention, recently introduced, and now very extensively used by the public.

Mr. Marsh is constantly receiving, both at home and from abroad, the very highest testimonials of the free merits and great superiority of his new Oil, over every thing before used for light. Among them we select the following:

"MARSH'S PATENT OIL.—This is the name given to a newly invented Oil for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the two common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

Warranted to give perfect satisfaction, or the money will be refunded.
